

Ethan Langord

4448 W. Fallen Leaf Ln., Phoenix, AZ 85310
C: 602-596-1471 | E: elangf725@west-mec.org

Personal Objective

Looking to find an entry-level position in software development to show my skills in HTML, CSS, and JS.

Knowledge, Skills, and Certifications

- Experience with creating and implementing basic algorithms
- Able to construct web pages and applications that are compliant with ADA and sections 504 and 508 standards
- Ability to develop program requirements/specifications and a testing plan (e.g. user stories, automated testing, test procedures)
- Understands the process of decomposing a large programming problem into smaller, more manageable procedures
- Ability to employ graphics methods to create images at specific locations
- knowledge in coder etiquette

Education

West-MEC

Phoenix, AZ

Expected Grad Date: May 2023

Coding Program

This two-year interactive program prepares students for a career as a software developer. The program teaches students how to design and develop software, build apps for phones, tablets, websites, and write and test computer code.
